Current Understanding of Periodontics: From A To Z!!!

THE ISP COLLOQUIUM

Every year the Indian Society of Periodontology holds a special two day program with a focus on research and development in the science of Periodontology, which has been a very popular event. The Colloquium, this year will be hosted by the ISP Maharashtra Study Group and will feature three internationally acclaimed speakers who will share their knowledge with the delegates. The program has been designed very uniquely to impart maximum benefit to the attending delegates. The program will consist of five sessions interspersed with breaks and special presentations by PG students called the "IDEA BOX". Each of the sessions will have a Keynote presentation followed by interactive sessions open to all clinicians and PG students. The speaker will be joined by four expert panelists for this discussion. The session shall conclude with a summary of the entire session by the lead panelist.

THE GALAXY OF SPEAKERS

Dr. Raluca Cosgrea

Dr. Raluca Cosgrea is the Assistant Professor and Research Fellow at the Department of Periodontology, University Clinic Marburg, Germany. She has published several peer reviewed articles on microbiological aspects at teeth and implants, non-surgical periodontal treatment, surgical techniques and new materials for gingival recession coverage.

Dr. Rajiv Chitguppi

Dr. Rajeev Chitguppi completed his MDS in Periodontics from GDC & H, Mumbai. He is the founder, of multiple ventures in dentistry like Perioindia & Target Educare. He is a consultant to several healthcare companies as a product designer & innovator. He is also a social media influencer and is involved in branding and marketing of various ventures of dentistry.

Dr. Ahmed Gamal

Dr. Ahmed Gamal is Professor and Chair of Oral Medicine and Periodontology, Faculty of Dental Medicine, Ain Shams University. He completed his MD, Oral Medicine-Periodontology, Al Azhar University (1985), Ph.D in Oral Medicine and Periodontology, El Azhar University (1988), Post-Doctoral fellow, School of Dentistry, Augusta, Georgia, (1996).

Dr. Benjamin Tan

Dr. Benjamin Tan did Bachelor of Dental Surgery from NUS in 1996. He did Master of Science and Master of Clinical Dentistry in Periodontology at the Eastman Dental Institute, University College London. He is an adjunct senior lecturer at the National University of Singapore and teaches in Periodontal And Dental Implantology Programs.

THE SCIENTIFIC PROGRAM

Pathogenesis & Diagnosis of Periodontitis & Peri-Implant Disease

Keynote Lecture: Dr. Rajeev Chitguppi
Panel Discussion and Open Session
Summary by Dr. Om Baghele

Non-Surgical Periodontal Therapy

Keynote Lecture: Dr. Raluca Cosgrea
Panel Discussion and Open Session
Summary by Dr. Girish Byakod

Surgical Considerations in Periodontal Treatment

Keynote Lecture: Dr. Ahmed Gamal
Panel Discussion and Open Session
Summary by Dr. Ashvini Padhye

Implants in Periodontal Disease

Keynote Lecture: Dr. Benjamin Tan
Panel Discussion and Open Session
Summary by Dr. Amit Benjamin

Idea Box: Presentations on Innovations by PG Students after each Session

Future Directions in Periodontal Therapy: Group Discussion by Speakers

“To Do or Not To Do”: Conclusive Discussion of 2 days deliberations

SPOT REGISTRATION

Additional Rs. 500/- only

Payment to be made in Cash only

IDEA BOX

THE CONCEPT

A college team of PGs has to come up with an original and innovative idea in the field of Periodontology. It should be a futuristic idea but has to be based on a completely logical and rational scientific hypothesis.

The entire concept should be presented in theory along with a feasibility. The top 10 entries will get an opportunity to present their innovation.

The idea has to be expressed in 6 mins & 4 mins will be for defending it. All participants will get to display their innovative idea in the pre-function area for both the days.

THE PRIZE

All participants will get a certificate.

The winning entry will get a Winners Certificate, a Trophy for the College and a special prize of Rs. 11,000/-
