SPEAKERS

DR. G. KAARTHIKEYAN is an academican and clinician in the field of Periodontics, currently serving as Professor and Head of the Department of Periodontics (Clinics) at Saveetha Dental College. He completed his undergraduate dental education at Tamil Nadu Government Dental College and earned his Master's degree in Periodontics from Saveetha Dental College in 2007. Dr. Kaarthikeyan is currently heading the department of Periodontics (Clinics) at Saveetha dental college . He was awarded his Ph.D. from SIMATS University in 2019.

An accomplished researcher, he has published over 125 papers in reputed Scopus and Web of Science indexed journals, with an h-index of 12. He is actively involved in mentoring research scholars and is currently guiding five Ph.D. candidates. Dr. Kaarthikeyan serves as the Editor-in-Chief of the *International Journal of Periodontal Rehabilitation* and as an Academic Editor for *Case Reports in Dentistry*. He has conducted numerous workshops and lectures on lasers, microsurgery, and advanced periodontal surgical techniques at national and international forums.

DR. ARPITA PAUL is currently serving as the Professor and Head of the Department of Periodontics at Mamata Dental College in Khammam. She is a recognized medical examiner and an active academic leader, holding key roles on her institution's ethical and quality assessment boards. She holds a BDS (2001) and an MDS in Periodontics and Oral Implantology (2007). She is currently expanding her expertise by pursuing a PhD in Periodontal Regeneration. She holds international certifications and fellowships in Oral Implantology from Germany and the Brånemark Osseointegration Centre. She has published 40 journal articles (16 internationally indexed) and 3 books. She is also the recipient of the Late Dr. Guglani's Prize for Best Research

Paper (2006). She is also an experienced educator who has delivered 20 guest lectures and conducted live surgical demonstrations for complex periodontal and laser flap surgeries.

DR. R VISWA CHANDRA is currently serving as the Professor and Head of the Department of Periodontics at SVS Institute of Dental Sciences and as a PhD Supervisor at PAHER University. He holds multiple advanced degrees, including a BDS, an MDS in Periodontics and Implantology, a DNB, and a PhD in Periodontics. His academic and clinical expertise is complemented by his innovative work in dental technology, evidenced by a 2024 design patent for a clinical centrifuge set to separate platelet-rich fibrin. In 2021, he received the SITARE GYTI Appreciation award for his role as a mentor on a project that developed a low-cost automated bone mill for delivering specific sizes of graft particles and his project for a "Low-Cost Digital Occlusal Analysis System" was selected for Stage 1 of the BIRAC Amrit Grand Challenge JanCare in 2022.

Furthermore, Dr. Chandra has an extensive record of Medline and Scopus-indexed publications, has authored a book chapter on nanorobotics in dentistry, and frequently leads funded research projects and national lectures focusing on periodontal regeneration, PRF protocols, and novel biomaterials.
