DENTAL SCIENCES AND RESEARCH,
KOLKATA

PERIO PGT MASTERCLASS 2026

COMPREHENSIVE EXAMINATION REVIEW & CLINICAL EXCELLENCE SERIES

From the Organisers' Desk...

The field of Periodontology requires combination of vast theoretical knowledge with wide range of clinical applications. The advanced examination pattern has enabled students to walk through the various path of scientific excellence. Post Graduate students often find it difficult to manage with equal relevance.

So, to provide systematic and meaningful review of periodontology syllabus, group of experienced faculties have gathered together to provide detailed overview of important topics and provide the students real-time experience of the examination.

The GNIDSR family feels proud and honoured to organize the **Perio Sameeksha 2026**, a part of ISPI head office initiative.

Warm regards,
Organising Team
Sameeksha 2026.

ABOUT SAMEEKSHA 2026

ISP SAMEEKSHA is a high-yield academic initiative by the Indian Society of Periodontology & Implantology (ISPI), designed exclusively for MDS/Post Graduate students.

A comprehensive 3-day revision program covering the entire MDS curriculum with expert-led sessions, exam-focused content, and clinical insights.

HIGHLIGHTS

EXPERT-LED SESSIONS

LATEST RESEARCH INSIGHTS

CLINICAL EXCELLENCE IN FOCUS

NETWORKING OPPORTUNITIES

EXAM-FOCUSED HIGH-YIELD CONTENT

PERIO PGT MASTERCLASS 2026 - PRACTICAL SESSION

DAY 1

FOUNDATION & DISEASE BIOLOGY

28 July 2026 (Tuesday)

TIME	HIGH-YIELD TOPIC	SPEAKER	INSTITUTION
09:30 AM – 10:30 AM	Inauguration Ceremony	—	—
10:30 AM – 11:15 AM	Periodontal Classification Simplified: Decoding the 2017 Classification System	Prof. Dr. Amit De (Professor)	Kusum Devi Sunderlal Dugar Jain Dental College & Hospital, Kolkata
11:15 AM – 12:00 PM	Periodontal Microbiology Made Easy: Must-Know Concepts for MDS Examinations	Dr. Surupa Dutta (Reader)	Buddha Institute of Dental Sciences & Hospital, Patna
12:00 PM – 12:45 PM	Pathogenesis of Periodontitis: From Biofilm to Bone Loss	Prof. Dr. Anindita Banerjee (Professor & HOD)	Buddha Institute of Dental Sciences & Hospital, Patna
12:45 PM – 01:30 PM	Clinical Diagnosis in Periodontology: Modern Diagnostic Tools	Dr. Mekhala Mukherjee (Reader)	Guru Nanak Institute of Dental Sciences & Research
01:30 PM – 02:30 PM	LUNCH BREAK		
02:30 PM – 03:15 PM	Evidence-Based Periodontology: Translating Research into Clinical Practice	Prof. Dr. Nitubrata Biswas (Professor)	Buddha Institute of Dental Sciences & Hospital, Patna

DAY 2

TREATMENT PLANNING & CLINICAL DECISION MAKING

29 July 2026 (Wednesday)

TIME	HIGH-YIELD TOPIC	SPEAKER	INSTITUTION
09:30 AM – 10:30 AM	Risk Assessment, Prognosis & Predictive Periodontology	Dr. Soumya Roy Chaudhuri (Reader)	Guru Nanak Institute of Dental Sciences & Research, Kolkata
10:30 AM – 11:15 AM	Genetics, Epigenetics & Precision Periodontal Therapy	Dr. Pritish Chandra Pal (Reader)	Haldia Institute of Dental Sciences & Research
11:15 AM – 12:00 PM	Perio-Systemic Interactions: High-Yield Concepts for Theory & Viva	Prof. Dr. Manoj Kumar Singh (Professor)	Hazaribag College of Dental Sciences & Hospital Jharkhand
12:00 PM – 12:45 PM	Pocket Therapy Simplified: Non-Surgical vs Surgical Decision Making	Prof. Dr. Vivek Kumar (Professor)	Awadh Dental College And Hospital
12:45 PM – 01:30 PM	Host Modulation Therapy: Contemporary Concepts & Clinical Relevance	Dr. Shubhangi Gupta Law (Reader)	Kusum Devi Sunderlal Dugar Jain Dental College & Hospital, Kolkata
01:30 PM – 02:30 PM	LUNCH BREAK		
02:30 PM – 03:30 PM	Periodontal Plastic Surgery & Esthetic Soft Tissue Management	Prof. Dr. Dibyendu Kumar Kundu (Professor)	Guru Nanak Institute of Dental Sciences & Research
03:30 PM – 04:15 PM	Minimally Invasive Periodontal Therapy: Concepts, Techniques & Clinical Pearls	Prof. Dr. S. K. Rath (Professor & HOD)	Haldia Institute of Dental Sciences & Research

TO BE CONTINUED ON NEXT PAGE ➡

DAY 3

REGENERATION, IMPLANTS & EXAM STRATEGY

30 July 2026 (Thursday)

TIME	HIGH-YIELD TOPIC	SPEAKER	INSTITUTION
09:30 AM – 10:30 AM	Occlusion & Trauma from Occlusion: Frequently Examined Concepts	Prof. Dr. Abhijit Chakraborty (Professor & HOD)	Guru Nanak Institute of Dental Sciences & Research
10:30 AM – 11:15 AM	Periodontal Regeneration Simplified: GTR, GBR & Biomaterials	Prof. Dr. Arghya Rudra (Professor)	Dr. R. Ahmed Dental College & Hospital, Kolkata
11:15 AM – 12:00 PM	Peri-Implantitis: Pathogenesis, Diagnosis & Contemporary Management	Dr. Goutam Das (Reader)	Guru Nanak Institute of Dental Sciences & Research
12:00 PM – 12:45 PM	The Future of Periodontology: AI, Digital Workflow & Emerging Technologies	Prof. Dr. Vineet Nair (Reader)	Dr. R. Ahmed Dental College & Hospital, Kolkata
12:45 PM – 01:30 PM	Advanced Periodontal Therapeutics: Lasers, Piezosurgery & Beyond	Dr. Sohini Banerjee (Reader)	Dr. R. Ahmed Dental College & Hospital, Kolkata
01:30 PM – 02:30 PM	LUNCH BREAK		

CRACK THE PRACTICAL

Real-Time Surgical Examination Simulation & Expert Debrief

02:30 PM – 04:30 PM

SESSION	EXPERT ANALYSIS	PARTICIPANT TAKEAWAY
Phase I: Chairside Assessment Panel (30 min)	- Uncut surgical video analysis - Real-time case evaluation - Live diagnostic reasoning	- Formulate diagnosis rapidly - Identify critical anatomical considerations - Avoid common history-taking mistakes
Phase II: Mock Viva Demonstration (30 min)	- Good vs poor examination performance - High-pressure examiner interaction	- Handle viva traps confidently - Defend surgical decisions logically - Master complication-based questions
Phase III: Interactive Group Debrief (30 min)	- Open panel discussion - High-yield exam cases - Live troubleshooting	- Direct interaction with experts - Learn key passing criteria - Access curated surgical viva question bank

04:30 PM: Valedictory Session, Vote of Thanks & Certificate Distribution

PANEL EXPERTS

- Prof. Dr. Abhijit Chakraborty
- Prof. Dr. Arghya Rudra
- Prof. Dr. Pradip Giri

Schedule is subject to change

Stay updated through official communication for any modifications.
